

Innovation in Price Sign Technology: PWM ePaper

PWM has been leading the convenience store industry with its cutting-edge price sign solutions since 1984. Today we are introducing the future of price sign technology: ePaper.

- Reflecting display similar to the one you know from your Kindle.
- Flat design, light-weight, easy to install.
- Digits stay visible even without consistent energy consumption.
- Very good readability in bright light without energy consumption and in low light circumstances via external light sources.
- High viewing angle.
- Custom digit design possible.

Parameter	ePaper	Measurement
Digit Height	250, 300, 400	mm
Reaction Time	1.5	Seconds
Display Color	black/white (or custom designed)	
Operation Temperature:	(-4)-158 Fahrenheit	°F
